

# Medallion Stair Lift

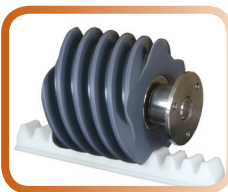

## The World's Smoothest Stair Lift

Designed for comfort and style this 325 lbs capacity straight stair lift offers a GREASELESS worm gear drive for a smooth safe and energy efficient ride.

Specifications	Medallion Stair Lift
Maximum Weight Capacity:	325 lbs. (160 kg)
Overspeed Governor:	Yes
Track (rail) Type:	Clear Anodized Aluminum
Travel:	16' Standard (4877mm); 70' Maximum (21336 mm)
Average Number of Return Trips per Charge:	Up to 60
Symmetrical Lift:	Yes (Ships and installs non-handed)
Control in Armrest:	Yes (left or right hand operation)
Need to Open Chassis to Install or Change Sides:	No
Lift Mounts to Steps or Wall:	Steps
Minimum Folded Width:	13.5"
Minimum Footrest Height:	3.5"
Clear Distance Between Armrests:	18"
Floor to Seat Height Low / High:	20" / 24.5"
Minimum Wall to Stair Side of Rail:	9"
Seat Depth:	16"
Backrest Height From Top of Seat:	18"
Electrical Requirements:	120-240 V AC
Operation Power:	24V DC Battery
Speed:	20 fpm
Incline Range:	27 - 52°
Drive System:	Helical Worm Gear
Safety Design:	Complies with ASME A18.1, CAN/CSA B44.1, ASME A17.5
Safety Devices:	Centrifugal Overspeed Brake Bi-directional Footrest Obstruction Sensor Swivel Seat Cut-off Switch Final Limits / Seat Belt Chassis Obstruction Switching
Warranty:	Lifetime on Motor & Circuit Board Lifetime on Gear Rack & Track 2 Years on Batteries

### Features & Benefits

- Just 13.5" wide folded
- Patented helical worm drive is smooth and energy-efficient
- DC drive even runs during power interruptions
- Clean installation and maintenance.
- Powerful enough to travel up to a 52° incline
- Includes 2 wireless remotes
- Patented Folding Rail option eliminates obstruction at stair base (optional)
- **Never Needs Grease**

The energy-efficient patented worm drive requires NO grease or lubricants.

Safety sensors on chassis and foot rest stop the lift instantly at obstacles.

An industry exclusive, automatic fold design eliminates obstructions at the bottom of the stairway. (optional)
